TO THE READER

This Workshop Manual tells the servicing personnel about the mechanism, servicing and maintenance of the WG1605-E3. It contains 4 parts: "Information", "General", "Mechanism" and "Servicing".

■ Information
This section contains information below.
• Safety First
• Specification
• Important Items of Exhaust Emission Regulation
• Performance Curve
• Dimension
• Wiring Diagram

■ General
This section contains information below.
• Engine Identification
• General Precautions
• Maintenance Check List
• Check and Maintenance
• Special Tools

■ Mechanism
This section contains information on the structure and the function of the unit. Before you continue with the subsequent sections, make sure that you read this section.

■ Servicing
This section contains information below.
• Troubleshooting
• Servicing Specifications
• Tightening Torques
• Checking, Disassembling and Servicing

All illustrations, photographs and specifications contained in this manual are of the newest information available at the time of publication.
KUBOTA reserves the right to change all information at any time without notice.
Since this manual includes many models, information or illustrations and photographs can show more than one model.
